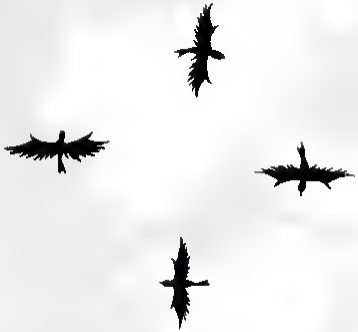
0章 Nabi - The Prototype 중 別 곤티 160

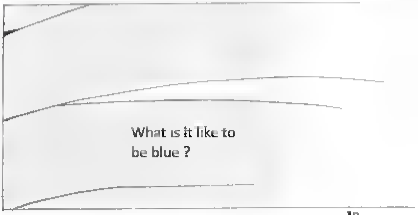


Nabi

How much time has passed...
When I opened my eyes...
I saw the blue sky in front of me

The damn blue sky

That I've been seeing for countless days and nights.



"Blue is the sky s color"
"Your eyes are very sky-like '
Sky is what is always above us
"If it is above us, wouldn't it [illegible] down one day?"
"No, that will never happen."

"The God from Heavens will watch over us and protect us."

JANIMES.COM

Was starving to death the only way you could think of ?!
Ahhhhhh !!
You should have–
Just killed me instead of this !

You don't even have courage !
So, all you could come up with is to starve me to death ?!
Damn it !
Damn it !
God damn it !

I've done nothing.

털썩
And you just try to erase
me from this world like this

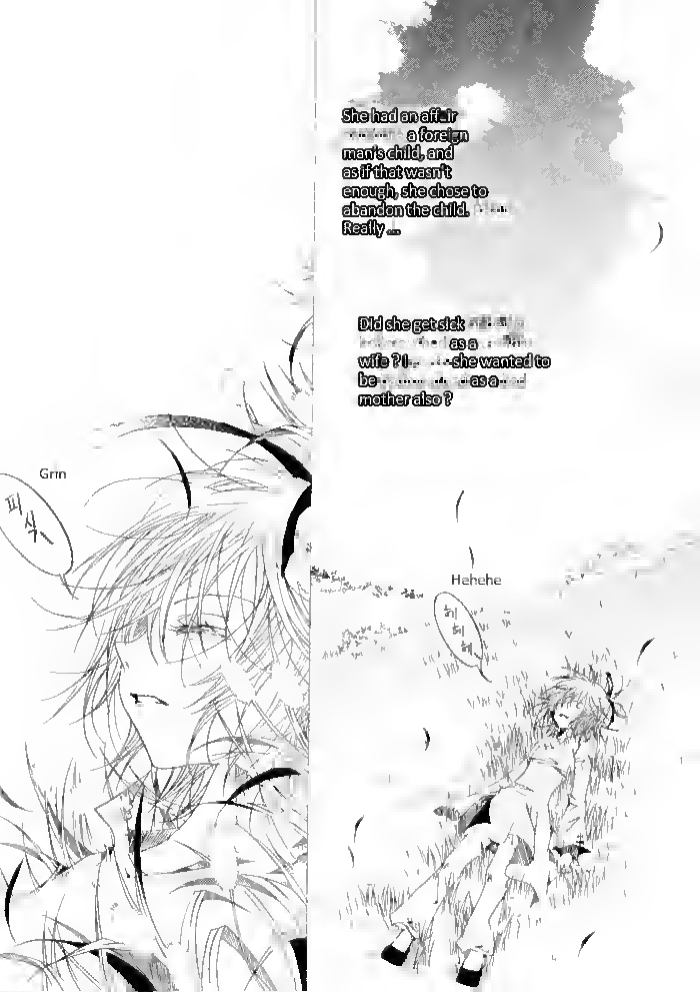
I knew she never cared for me

I've had a hunch that I was not loved; so being abandoned like this doesn't make me feel sad

I knew she was a coward, so this situation doesn't make me so bad, either.

I suppose giving me her husband's most valued sword was a form of revenge for her.

Despite of the fact ... she is in no position of wanting ... sort of revenge.



She had an affair
a foreign
man's child, and
as if that wasn't
enough, she chose to
abandon the child.
Really ...
Did she get sick
as a
wife ? I
she wanted to
be
as a
mother also ?
Grin
Hehehe

I knew she didn't care for me
I didn't love her, either,
so we are even.

But then...
Why am I recalling this...

occasionally when there is no one around,
she would unfold my eyes,

Then she would stare at me....

With her brown eyes....

JANIMES.COM

I thought her eyes were boring as hell

Why am I bothered by the fact that ...

– That I am recalling her

Nabi

Oppa.
Could you at least close your mouth ?
You look just too silly
And please sit upright.
You look like those women who lost everything.

Don't call me Oppa. You are much older than me.
Does your time flow backwards ?
What the hell.
I see. I must have come to the future then
Yeah, whatever
Do you know me ?

You are the first one to be able to see me while I am dream ng
I wish I didn't know you
I guess so
And yet you act like you ve seen me before

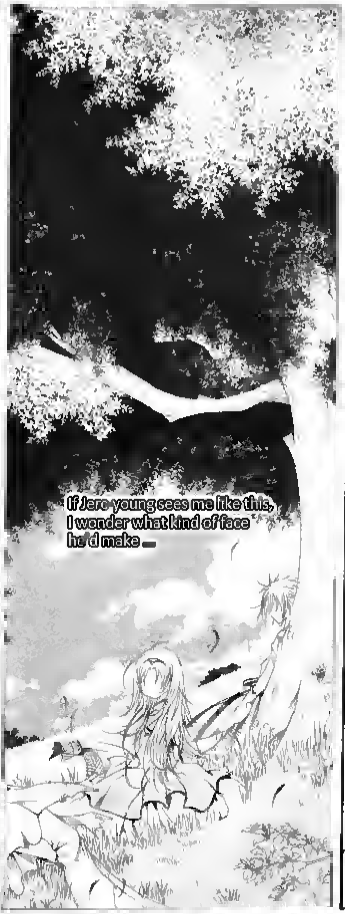
I guess you have no connection to another you
Forget it.

What kind of

Person have I become in your world ?

You are seeing it

You've become a damned manipulate bitch who cares nothing about your own servants
You saw it happening and skipped out the most impotant dedails Hmph what a bitch
All thanks to your wonderful manipulations, my identity is very hurt.



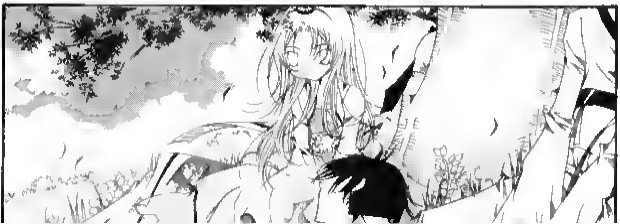
If Jere-young sees me like this,
I wonder what kind of face
he'd make...

JANIMES.COM

I saw him looking at me from below
I don't know this face.

I don't know
th s person,
either

This person is
a l ttle old...
He has a big scar
on his face also



Is this -
Harim ?
I so didn't want to save him.
He managed to use a corpse as a shield and survived.

What kind of person

Has he become ?

He has become
a loyal puppy

It seems you wander through
time so I am sure that this means
nothing to you

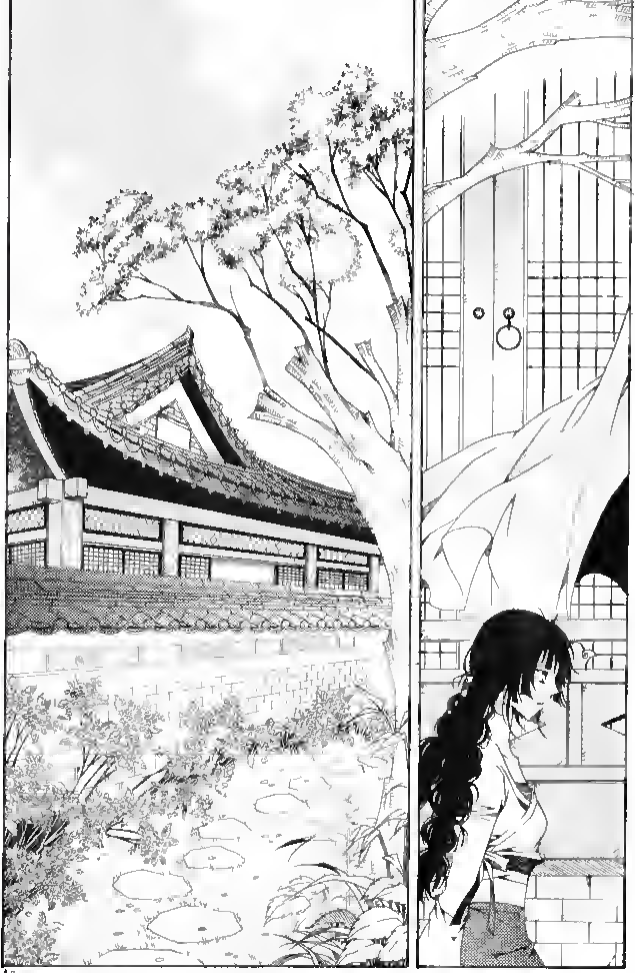
That cannot be true
I would never let those who serve me suffer like this and turn blind eyes on them
Don't mind what I told you before.
You are too young to ...
I would
Never forget

I would never forget that
I met you today
right here right now

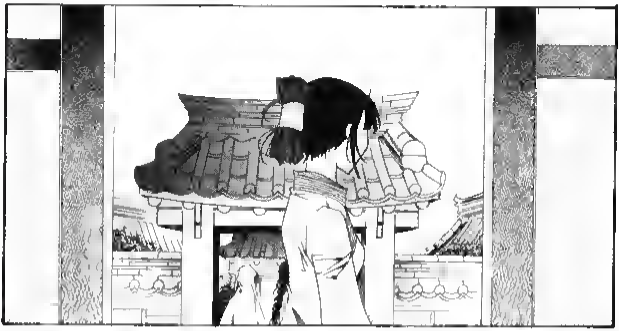
When you meet me in the present time, ask her
Ask her that how she could forget this day

Ask her
Tell her how she could forget you

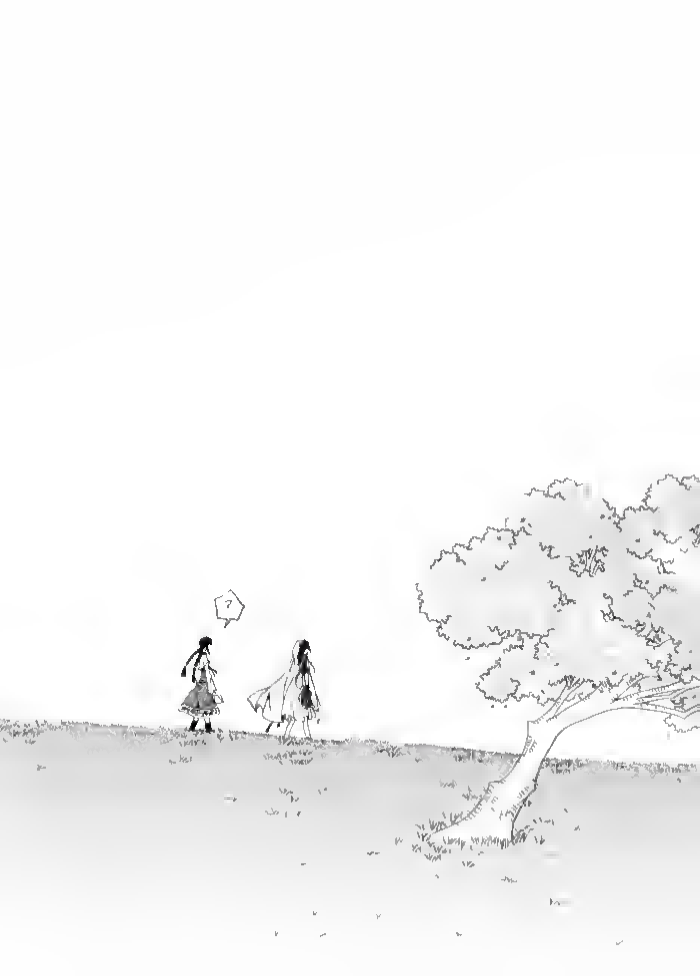
JANIMES.COM



Do be careful.



"Won, please keep this secret from father, just once."



What might this be ?
It is the dress that the lady borrowed from you previously
Ah !
You could have sent it by courier
You didn't have to also summon me out here

Lord Isana...
You said...
You said it was your mother's favorite dress...
You stole it from your mom s closet !
And you assured us to return as soon as possible...
... Oh !
JANEMES.COM
And told me to return it !

Eh...
I thought...
I thought... you enjoyed seeing me in person

I am just wondering.
Since you've been asking me small favors when we don't even know each other well.

I wondered why she is bothering me so.
친구도 있고 지인도 있고
Doesn't she have close relatives at least ?
Why is she bothering me so much ?
Then I was like, Ah
She has no friends

She has no one to rely on ..
So that's why...
My sister said she saw you for the first time on that day
And she is a girl who has seen and met every noble ladies in the city
I have even heard that Lord Son's daughter is even harder to meet than the princesses

Am I lucky to be able to see such a lady so frequently ?

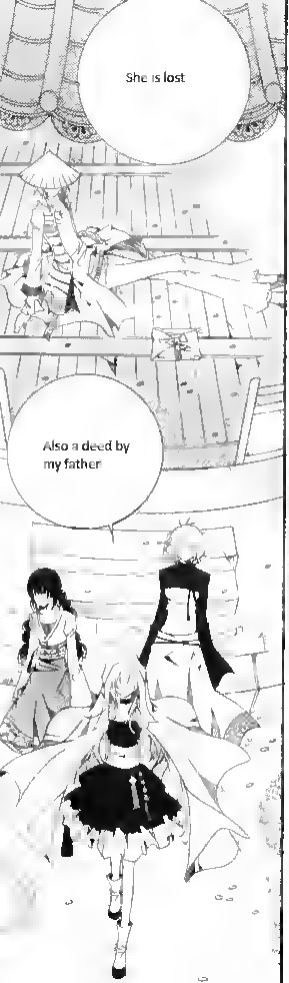
Friends

I had friends

One was a refugee from a war ridden country

She is dead
My father killed her
She was from a rival family
I had another who had become a friend almost.



She is lost
Also a deed by my father

How strange story, you may think

It may be ndeed strange to talk to you about this when, as you said, we don't know each other well

But nevertheless my story is strange

Does that mean...
I am go ng to meet a similar fate ?
cough x 2
As for you, Lord Isana...,
Nothing needs to be done because ...
Cough x 4
Lady Syo Ryu
IF I am still alive after a year,

If so, would you wed me ?
Sir !
I thought you had someone
I thought you didn't care
JANIMES.COM

You talk as if I have a choice
Well said
Myo-Un, let us go
Sir, you've become quite sneaky Took you 3 years
Yes, though I don't think I did well

Do you really want to cut her off ?
Well It s not that I dislike her

It s just that

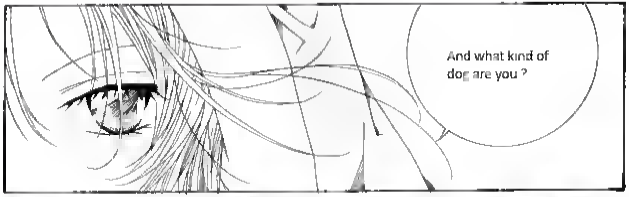
She tries to use me too much

So, you are getting tired
I can t deny that.

You did say she had no friends and stuff
Well...
I believe I should have not said that...
It was a mishap on my part
Even if he does wed you...
He will never sleep with you.

I am sure he learned it hard way through his mother.
I bet he won't want to repeat the history
And you know what ? Nothing is more shameful for women than their husband refusing to sleep with them.
Especially for noble ladies like yourself.
Who are you ?
She has followed us ever since we left.
I followed you from the backdoor you went through And I've been employed by your family for 3 years.

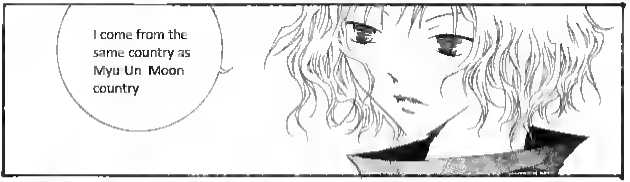
The name is Mi-Ok. I've been assigned to be your bodyguard.
It's perfectly fine even if you do ignore me. I know people like you don't pay attention to people like us.
And I won't mind #lso.
I believe I asked Ryu-Sang to be my guard.
That will not happen
He is not a dog
And Hanm ?
He bit his master once, so no way



And what kind of dog are you ?

I am

I am foreign.



I come from the same country as Myu Un Moon country

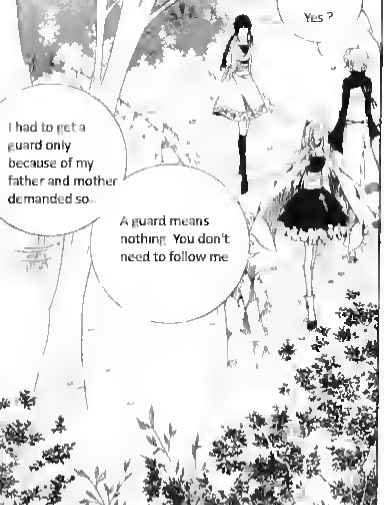
You sound as if you were chosen to be my guard because of Myo-Un.
Yes, I feel like she is my daughter
It was a joke
I turned 31
No way would I have a grown daughter like her
Let's go please
Let's go
Let me escort you
Doesn't Moon country has social class system ?
Pardon ?
Ryu-Sang, and her. both of them speak to me bluntly

I guess it s their personalities
And also you
You always look right into my eyes when talking to me
Are you uncomfortable about that ?

I find it strange. That's all.
Refreshing.
That's all.

JANIMES.COM

That s how it was



Yes ?
I had to get a guard only because of my father and mother demanded so...
A guard means nothing. You don't need to follow me

I have Myo-Un with me...

Her family was very famous for swordsmanship.
I wasn t taught any
Weren t you taught swordsmanship by lady Howal ?

I guess she felt she d dn't need to
Uh ?
Well...
I have Myo-Un with me.

"I guess she felt she didn't need to?"

I know nothing about her.
Is that so...
Myo-Un

Yes.
Just to let you know.
I wasn't involved in the temple incident.
I see ...
It wasn't because Moon country was my home country.
It was because I heard good things about the temple from time to time. I refused the job.
I also told Ryu-Sang the same thing.
I see.

Um , I don't thunk I've seen him lately
He is out there for work with the rest of squad
Is it dangerous.?
Well
Our tasks are usually dirty and may look dangerous.
Because....
But it is actually quite safe.
?

Sky is always with us
?
Any way
Does he go without telling you at all ?
Hmph, he sure does act like how he looks.
An advice to you as a woman to a woman. Never pick a guy based on height and face.
You are quite tall for a woman.
Yeah, and that is why I am still single.
Well...
The most important thing about men is ...

Personality
You may keep a dog as a pet
But you will never want a dog-like guy as your life time parnter
How long are you just going to slack ?!
Are you gonna settle down on this spot ? Is that it ?!

I am so god damn hungry here !
Ryu Sang.
What !
I sense horses

JANIMES.COM

They are approaching fast.

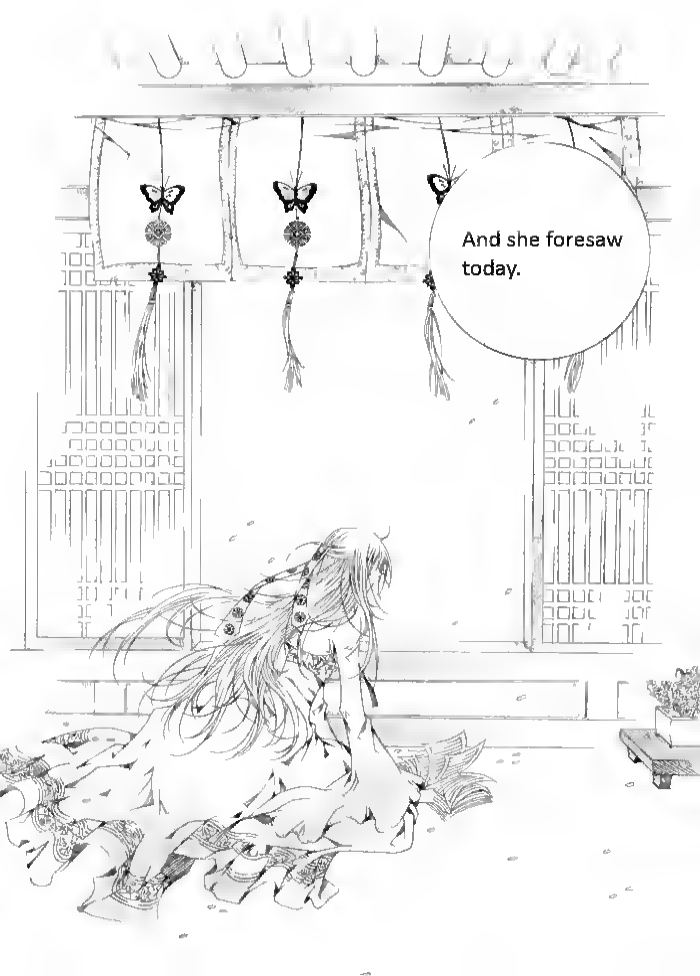
Are they coming back to get their comrades' corpses ?
Then we have to relocate... We can't afford a battle in our current status.
Idiot ! We are on a plain ! We've got nowhere else to run !

I am
A worthless hostage who ended up being a dog.
Still I consider myself to be a human being and I consdier my life worthy of a human
I will answer your questions
In return guarantee my life.

What the hell is he doing ?!
You can get worthless dogs lives here or you can get info out of them and let them go
I am sure that you have questions
Who ordered you to do this ?
Son Suk Meyong of Su country
Then the king of Su country will find out what happened today soon or he already knows by now.
He is the prime minister. Almost as powerful as the king himself.

How did you know about today ?
His daughter is
A fortune teller.
HEY !

JANIMES.COM



And she foresaw today.

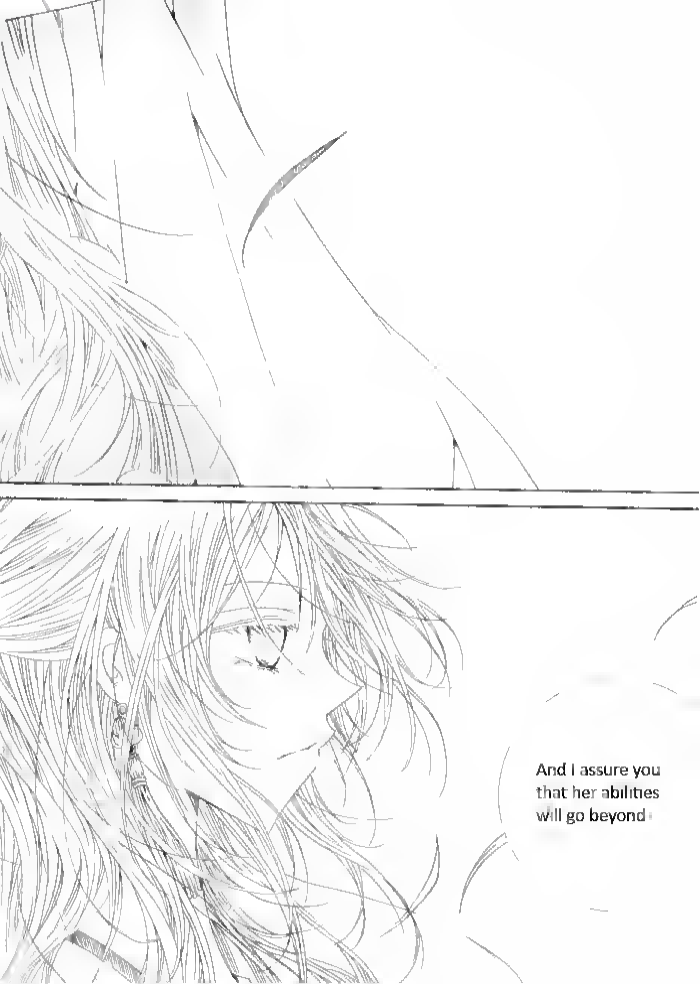
The daughter's
name is
Son Syo-Ryu.

The daughter
reads fate

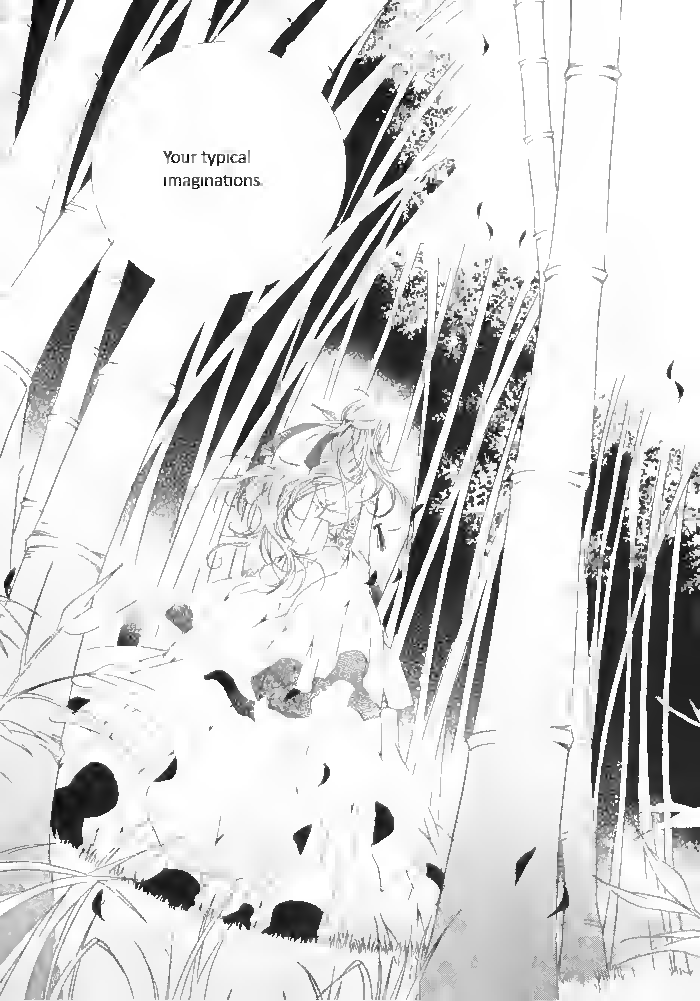
And the father
handles the world
accordingly

Kings or emperors, it doesn t matter. They cannot dispute such abilities
No one is going to question the family's prowess.
JANIMES.COM

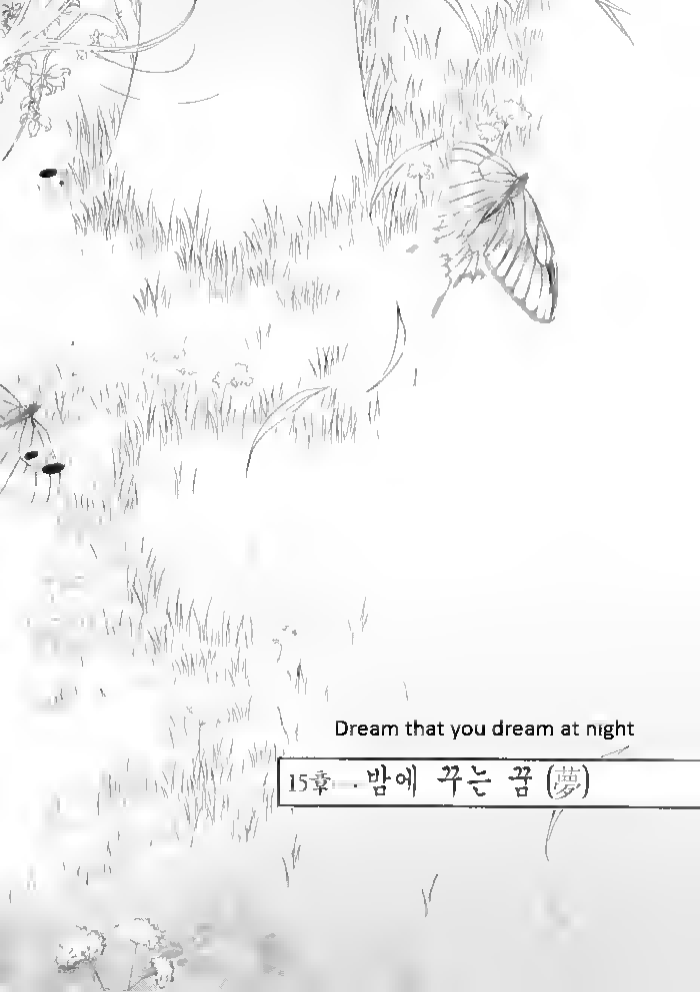
Your enemy is
Bigger than you could imagine.



And I assure you
that her abilities
will go beyond



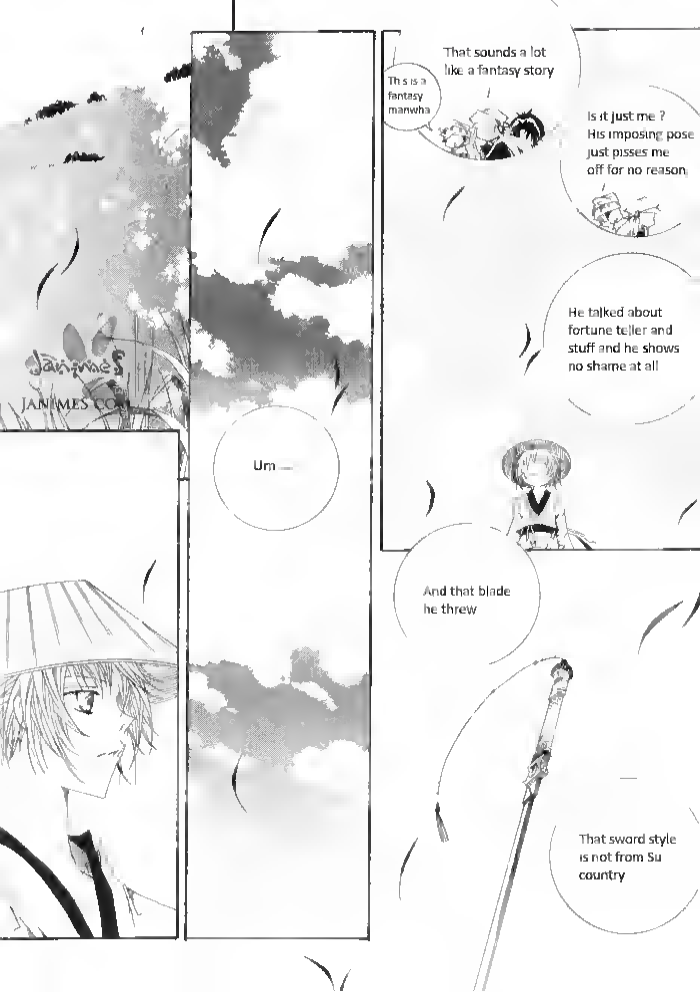
Your typical
imaginations.



Dream that you dream at night

15후 . 밤에 꾸는 꿈 (夢)

Nabi



That sounds a lot like a fantasy story
Th s is a fantasy manwha
Is it just me ? His imposing pose just pisses me off for no reason
He talked about fortune teller and stuff and he shows no shame at all
Um —
And that blade he threw
—
That sword style is not from Su country
JANIMES.COM

He looks like a mercenary to me.
He is a peon. No way would he have such sensitive info.
He is bluffing.
But she did say something weird.
She is just a weapon merchant. The only connection we can get out of is that she is now connected to Son Suk Myeong.
By connected you mean...
What else between a man and a woman ?
It's not something you can even imagine.

How much do you know about us ?
I am a mere peon. I don't know that much
Does he even know what he is doing ?
Back at home, I have five mouths to feed !

If I
We find out that you've lied to us
We wear we will chase you to take your life
If you do choose to chase me
Be sure to prepare to die.

What are you, a cat? A cat with nine lives or something?
Shut it! This is no time for such jokes !
I don't like him !
What is your name ?
Because you will have to kill me twice to get me

Zoo Harim,
HEY !
Ryu-Sang,
류상
Shit
I hope we don t have to chase you in the future.
Right back at you

Do you believe his words ?

No kidding.
Believe or not, his story itself is hard to believe

But they did panic when he was telling us
They might have been just acting. Who knows
It didn't look like he was getting along with others though
And it didn't look like he was caring for them, either
Hmm
When I looked at him closely,
He looked quite handsome
What the hell are you two babbling about ?
And he was tall, too ! Damn, I so don't like him !

He had no wounds
Not only that it didn't even look like he fought at all.
It's not that he is not getting along with them

They aren't even on
the same side

JANIMES.COM

Seong, what you are saying is that—
We could trust his words ?
Or —

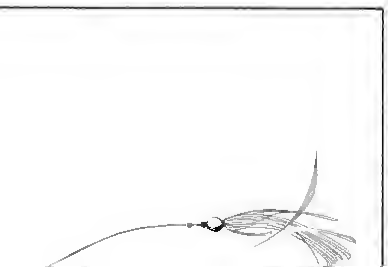
We could use him in the future...
It didn't look like he was from Su

There are increasing amount of people who are displeased with the way Su is going.
We might even be able to get him join us
If fate allows,

Of course
It is only wishful thinking for now
Harim !

If you let him live,

I will forget about you.



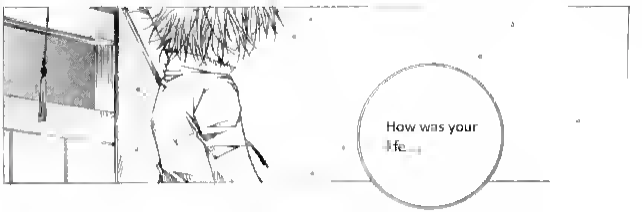
What ?

If you let him live
I will forget that we've
met today.
What would that
do anything ?
It means nothing.
It means
something.
Your whole life
will change.

I can even swear
Your life will change dramatically

I am 9 years old right now

How old were you when you were 9 ?



How was your life

When you were nine years old ?
Your life will change
It will change the moment I wake up and tell my father about you.

JANIMES.COM

Everything
Those who you knew

Places you knew
will disappear and reappear at once

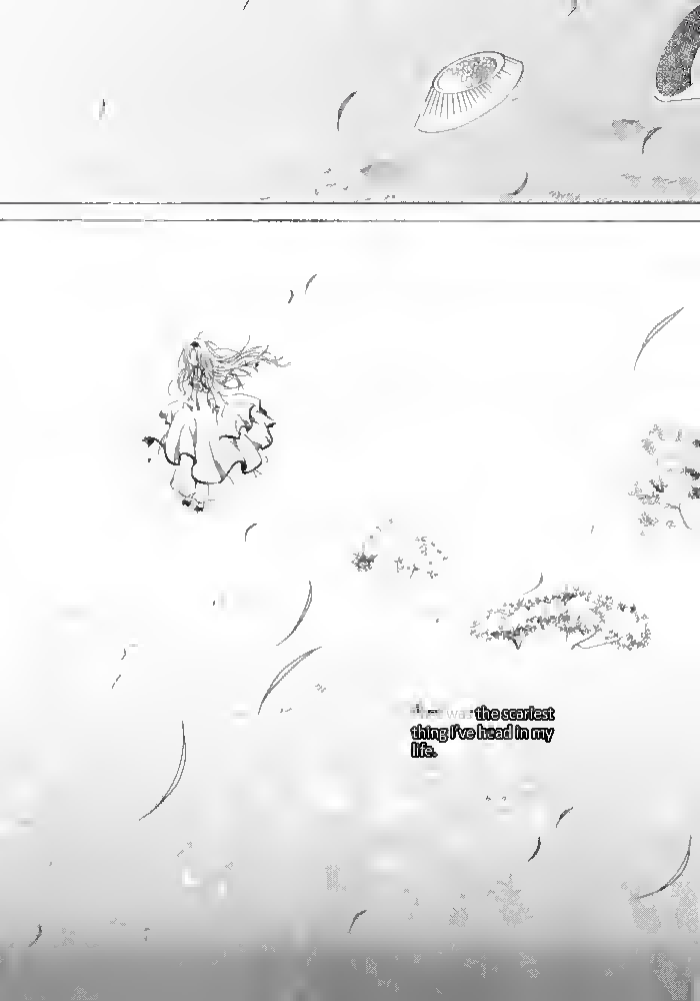
And in the end

Your memory will change
In other words,
You will change

Do you still think
it means nothing ?

Does it really
Mean nothing ?

In my whole life



the scariest thing I've head in my life.

I [illegible] not lived long,
but my life has not been
easy.

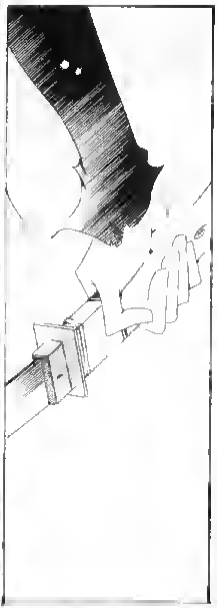
I've never been
[illegible] by
the [illegible] just did.

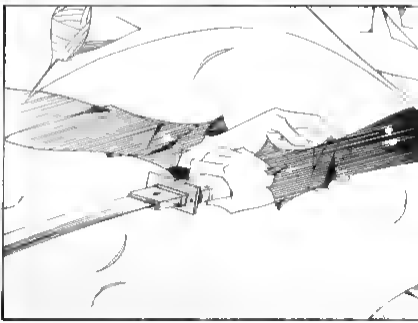
And it is [illegible] than a thug
[illegible] to kill me.

Coming from ... just a 9 year-old ...

A 9 year old bitch.

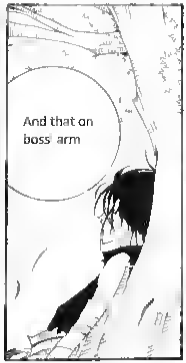
JANIMES.COM





Why ?!

This



And that on
boss' arm

He did it.

As long as we don't say anything, it will be fine.

Boss didn't hear anything

But I
Secrets are bound to leak out sooner or later There are others who seem to have suspected our secret
As long as we don't say anything, he won't know that it was us

Besides

I don't have any reason to be loyal to her.
!
Just as she sees us as just mere tools.
That's all this is about.
!

I came back to see just to check

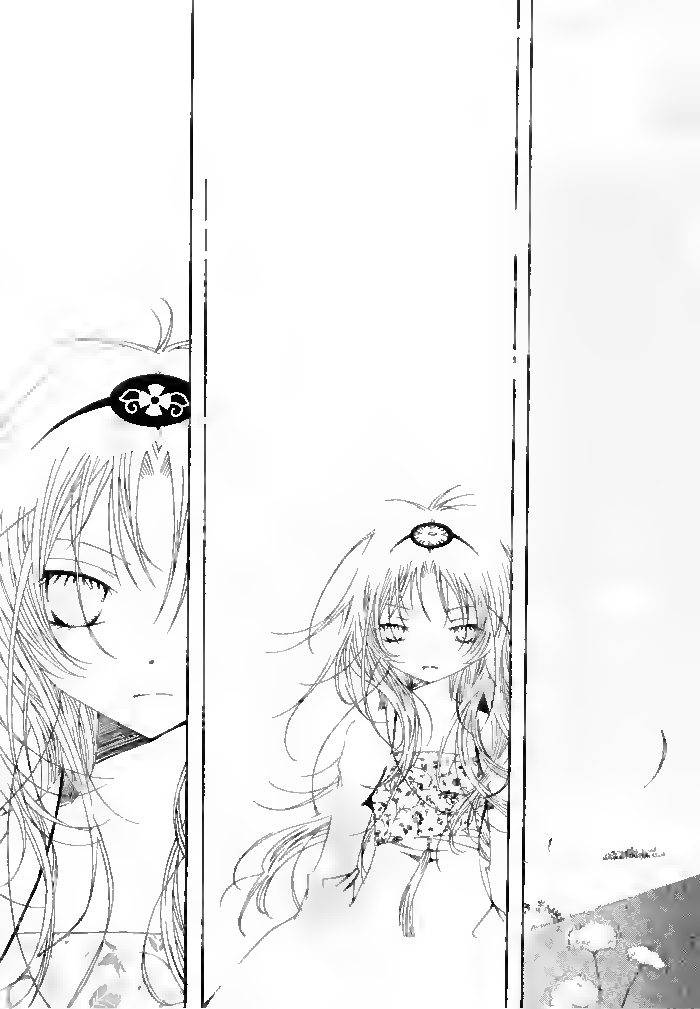
It looks like they've got some luck

Well then, you are qualified.

Come on up I will take you to a port for free

This place is actually quite harsh to survive

"People"
"And you as a whole will change."
"Places"
"It will change."
"Memories"



Should such an existence
that can modify time and fate exist ?

JANIMES.COM

Should such a monster exist in this world ?
